

FALL PROTECTION

CONFINED SPACE TRIPOD SYSTEM

8ft

CONFINED SPACE TRIPOD SYSTEM

- Now extends up to 97 inches
- Lightweight and Portable
- Integrated pulley and accessory option

The Werner 8ft Aluminum Tripod allows for fall protection and rescue for personnel going into confined spaces from above. Its lightweight design allows for quick installation and tear down. The Tripod extends from 58-97 inches in height for installation over openings with a maximum diameter of 42 inches when fully extended.
