

QUICK CURE

POLYURETHANE FOAM SEALANT

Touch 'n Seal® QUICK CURE is a high performance, single component, Class 1 rated fire retardant polyurethane foam. It is moisture cured and its expansion makes it ideal for larger size gaps and holes. Quick Cure is available in both aerosol cans and larger cylinders with hoses and applicators.

AIR, MOISTURE & PEST SEALANT

- Provides a permanent seal against air, moisture and pests
- Class 1 fire retardant
- Closed cell structure
- ICC-ES ESR-1926
- Type V Residential Fireblock Penetration sealant
- Available in High Yield (HY) formulation for larger gaps and cracks
- Available in Reduced Expansion (RX) formulation for controlled dispensing

USE TO SEAL AROUND

- Plumbing
- Ventilation Outlets
- Electrical Junctions
- Sill Pates
- Concrete Slabs

Product #	Size	Formulation	Color	UPC	Case Qty	Case Volume	Case Weight	Case Dimensions (LxBxH)	Cases Per Pallet
