BNCE-30 The Cutting Edge Saw™

A new design in a multipurpose cutting tool that can be used on all kinds of material found on the job. It can easily cut rebar, all-thread rod, locks, chain, EMT conduit, copper pipe, steel rods, steel tubing, and much more. This hand-held tool is lightweight and powered by 1100W double insulated motor that only pulls 9 amps using standard 120V/60Hz. It features a three position handle and has a no load speed of 2000 rpm. The capacity of the opening is 1.181" (30mm). This tool is ETL Listed and is excellent for cutting material flush with concrete or block. Comes complete with two TCT blades a chip collector bag and case. Prepaid freight on four + tool order to one location.

BNCE-30-24V The Cutting Edge Saw™

The **BNCE-30-24V** is a compact and light-weight tool that has a 3-position removable side handle that provides the operator with multiple cutting positions and increased maneuverability in tight areas.

This amazing tool can cut a variety of materials including rebar up to #8 (1"), all-thread rod (up to 1-1/8"), coil rod, EMT conduit, pipe, tubing, and more. It is designed to cleanly cut the material FLUSH with the surface. The **BNCE-30-24V** has a unique flush-cutting blade guard that greatly reduces blade exposure.

The tool is designed to emit minimal cutting sparks and the cut material is burr-free and cool to the touch. Each **BNCE-30-24V** has a one year warranty from the date purchase. We provide replacement parts, TCT cutting blades, technical support, customer service and a network of repair centers.
