

The right parts at the right time – Husqvarna Service Kits for Light Compaction Products

Husqvarna Service Kits provides you with the possibility to improve the lifetime of your equipment. Every part in the kit is developed specifically for each machine. Each machine comes with a service plan to help you plan stock of routine parts, keep track of and improve your service planning, or give your equipment an overhaul. Each kit can either be purchased along with your machine, or separately if needed.

Helps you to have timely routine service

Plan ahead, secure in the knowledge that the parts are there when it's time for service of your equipment.

Helps you to plan stock of routine parts

Avoid extra time needed to get spares delivered from your warehouse to the service shop. Parts can be big and heavy, resulting costly freight charges.

Always be prepared

Easy to service when needed on site if you have the routine parts in stock.

Always use genuine parts

When using the Husqvarna Service Kit, you can be sure the parts you use have the quality you need for your Husqvarna equipment.

INCLUDED SERVICE KIT PARTS
